Portfolio: <https://rajesh2199.github.io/My-Portfolio/>

## SUMMARY

Aspiring software developer leveraging Accounting and Military background to succeed in the Information and Technology field. Passionate about coding and always motivated to learn more. My service in the U.S Army proves my ability to effectively work in teams. My sheer determination, critical thinking ability and acute problem solving skills make me a valuable asset to any organization.

## TECHNICAL SKILLS

- In depth understanding of HTML, CSS, Bootstrap, Javascript, JQuery, Ajax, APIs, Node.js, Express.js and Mysql.
- In depth knowledge of Objective Oriented Programming.
- Basic knowledge of Java and Python.
- Git/Gitlab.

## PROJECTS

The Covid Project |

<https://github.com/mr-cade/covid-api>

<https://mr-cade.github.io/covid-api/>

- A user friendly website to navigate Covid-19 statistics and general information.
- Responsible for building a responsive map for the United States that visualizes Covid-19 cases per States.
- Utilized Javascript, Leaflet.js, and HTML to build the responsive map.

The Password Generator Project |

<https://github.com/Rajesh2199/Password-Generator>

<https://rajesh2199.github.io/Password-Generator/>

- A simple website to generate random passwords for the user.
- Utilized Javascript core concepts and HTML to build the application.
